Experience

Shopify Developer · Noor Ahmed Ecommerce, Islamabad

Jan 2025 – Dec 2025

- Built custom sections, dynamic page templates, and flexible blocks in Liquid, HTML, CSS, and JavaScript, so merchants can update store content without a developer.
- Implemented custom product options, cart attributes, collection filters, and metafield-driven content to support the store's conversion goals.
- Optimized theme code for responsive mobile layouts and fast load times, and fixed Liquid syntax and rendering errors before release.

WordPress Developer · Citropak, Sargodha

Nov 2023 – Dec 2024

- Designed and delivered responsive WordPress and WooCommerce sites using HTML, CSS, PHP, custom themes, and page builders, tailored to each client's needs.
- Sped up WooCommerce stores through database optimization and loading-speed improvements, and resolved plugin conflicts to keep sites secure and stable.

UI/UX Designer & Frontend Developer · M3Have, Islamabad

Jun 2022 – Oct 2022

- Designed user-friendly interfaces in Figma and built them as responsive web pages in HTML, CSS, and JavaScript, aligned with business goals.
- Blended modern design principles with efficient frontend development to deliver seamless digital experiences.

Core skills

Shopify
